Work

Platform Designer at Gusto

April 2024 – Today / Denver, CO / gusto.com

- Currently designing shared communication surfaces including in-app notifications to help customers identify and resolve errors and complete required tasks across the product.

Design Systems Designer at Gusto

March 2023 – March 2024 / Denver, CO / gusto.com

- Drove WCAG conformance across Gusto's platforms by leading accessibility tickets for the Workbench design system.
- Co-led a cross-functional guild to build a company-wide culture of accessibility prioritization.
- Facilitated customer empathy interviews to uncover and address Workbench pain points.

Product Designer at Gusto

August 2021 – February 2023 / New York, NY / gusto.com

- Co-created an end-to-end vision for running payroll without state-assigned tax data, aligning the broader team's strategy around one of Gusto's most complex and historically neglected problems.
- Designed an in-app task system to guide customers through resolving complex tax issues, contributing to a **23.2% YoY** reduction in tax notices and **~\$1.05M** in savings.

Design Systems Intern at Gusto

May 2021 – August 2021 / Remote / gusto.com

- Redesigned Tabs, a key structural component in Gusto's Workbench design system, by proactively engaging 30+ designers across the company to eliminate accessibility barriers and prioritize the small-screen experience. The redesign has since shipped and is now in use across the platform.
